(d) As required by section 18(f) of the Act, OSHA will continue to monitor the operations of the Iowa State program to assure that the provisions of the State plan are substantially complied with and that the program remains at least as effective as the Federal program. Failure by the State to comply with its obligations may result in the revocation of the final determination under section 18(e), resumption of Federal enforcement, and/or proceedings for withdrawal of plan approval.

§ 1952.170 Description of the plan.

(a) The State's program will be enforced by the Division of Industrial Safety of the Department of Industrial Relations of the California Agriculture and Services Agency. Current safety and health standards will be continued unless amended by a State occupational safety and health standards board to be created. Administrative adjudications will be the responsibility of the California Occupational Safety and Health Appeals Board.

(b) The State program is expected to extend its protection to all employees in the State (including those employed by it and its political subdivisions) except those employed by Federal agencies, certain maritime workers, household domestic service workers, and railroad workers not employed in railroad shops. (It is assumed that activities excluded from the Occupational Safety and Health Act's jurisdiction by section 4(b)(1) (29 U.S.C. 653(b)(1)) will also be excluded from the State's jurisdiction under this plan.)

(c) The plan includes procedures for providing prompt and effective standards for the protection of employees against new and unforeseen hazards
